General Counsel

Leadership

I. Introduction

In the fall of 2004, we received a number of complaints alleging that a number of 527 organizations had violated the FECA, with some organizations named in multiple complaints. Shortly thereafter, we circulated to the Commission a single First General Counsel's Report addressing all of these complaints and respondents, and the Commission found reason to believe on one or more legal theories, including political committee status, coordination, and/or allocation. Since that time, we have processed these MURs generally under either a single MUR number or multiple MUR numbers that, due to the overlapping respondents, result in administrative records that can be somewhat confusing. In the interest of more streamlined record-keeping, we recommend some changes that would consolidate groups of respondents under separate MUR numbers. These changes would entail severing certain respondents from some MURs and opening new MURs that would involve only a particular group of respondents, as detailed below.
